

To whom it may concern-

I am writing this letter to share my perspective of Michael Woodruff. I managed Woody at Digineer from 1996-2002. During that time, I could not have asked for a better teammate or role model in my group. His technical skills were second to none, and his character was even stronger. He was a leader on our team, was honest, reliable and committed. He easily adapted to our constantly changing environment and was a go-to resource in our very large and diverse group. He is smart, focused, professional and always goes the extra mile to exceed customer expectations. I would welcome the opportunity to work with him again.

If you have any questions regarding Woody's technical skills or work ethic, feel free to contact me at [513.659.4826](tel:513.659.4826).

Best regards,
